Neutralizes alkaline residue after floor stripping.
Counteracts urine odor in restrooms. Removes
ice-melt residue from floors and carpets.**

epa.gov/d/esafeschoice

The U.S. EPA's Safer Choice Program helps consumers, businesses, and institutional buyers identify cleaning and other products that perform well and are safer for people and the environment.

ST-No.	New Item #	Case UPC No. Mfg. No.	Each UPC No. Mfg. No.	Case Size	Case Weight	Cases /Pallet	Yield
ST-729	#2508633	008633	N/A	72 x 1 fl. oz. packs	5.75 pounds	100	6 Gallons

Condition floors for better sealing, prevent leveling and powdering problems, and neutralize odors in one quick and easy step with Floor Conditioner and Neutralizer.

Add Floor Conditioner and Neutralizer to rinse-water to neutralize and remove alkaline residue after floor stripping. Eliminates dulling, discoloring, and hazing so floor finishes look better and last longer. Floor Conditioner and Neutralizer removes brown water spots left in carpets by hard water and the white residue left by some salt and ice melt compounds.

Floor Conditioner and Neutralizer can also be used as a chalkboard cleaner. Just add 1 packet to a window wash bucket and the results will amaze you. Extremely clean chalkboards in a fraction of the time, and your bucket water remains clean and clear even after cleaning many classroom chalkboards.

Floor Conditioner and Neutralizer controls urine odor in restrooms. When urine odors are removed, restroom users tend to keep the area cleaner, and restroom maintenance becomes simpler and less expensive.

Directions

After cleaning or stripping, add contents of one packet of #2508633 Floor Conditioner and Neutralizer to 6 gallons of water. Stir to form a uniform solution. Apply solution with a mop, sponge, or cloth. On floors to be sealed or finished, pick up the distributed solution with a mop or wet vac. Then, let air dry. For other applications, simply allow to air dry.

Chemical Characteristics

Appearance	White Powder
Biodegradable	Yes
Corrosive Category (Concentrate).....	No
Corrosive Category (Use Dilution).....	No
DEA-Free	Yes
Fragrance	None
Non-Acid	No
Non-Butyl	Yes
